| Energy Star | Insulated Glass and Low-E Canadian Solar Energies Association bestowed upon Lemieux the 2005 "Solar Thermal Project of the Year" award. | " " | " " | " " | | " " |
| Features | This is a company that prides itself on its specialty for exceptional French doors. Built using a clamp glazed method perfected by Lemieux in 1992, we avoid the use of nails and staples for a clean, unblemished finish. It's an innovation that's had a definite impact, and helped Lemieux Doors become a leader in North American French door sales. Time-tested mortise & tenon construction, and a pioneering UV sealer system all contribute to the production of outstanding French doors. | In addition to the wonderful ambiance of natural light, doors with decorative glazing lend an air of beauty, intimacy and sophistication to any home. Polished to a brilliant finish, fully sealed, tempered, and triple-glazed, the Premier Glass collection strikes the perfect balance between serenity and style. We also offer three different coming options to accent glazing - brass and zinc, any of wich will add to the panache of your home. | Le Chateau lets you transform the ordinary into the extraordinary with a multitude of panel designs in primed or natural wood species. This stunning collection of panelled doors is available in an almost endless range of design combinations, each of which will accentuate any room with its elegance and distribution. Constructed from MDF panelling for increased strength and stability, these doors are resistant to cracks and leaks caused by thermal expansion and contraction. Advanced engineering of rails and stiles results in a door that is not only lighter, but requires no special screws for installation. | Sophistication and originality are the hallmark of the Le Palais collection, created to lend a distinctive personality to your home. Graced with intricate and inventive designs, Le Palais is a labour of love with added prestige. Le Palais doors are built to the same exacting specifications as the Le Chateau collection, incorporating MDF panels for strength and stability, in addition to offering a more refined style. | Those who have a definite preference for the look and feel of pine can find the answer in Lemieux's range of imported doors! Traditional and timeless they're designed to fit seamlessly into any décor. Made expressly for interior use, these versatile doors are available with panels, louvers or bifolds. Lemieux's imported doors are offered in either single-hip split resistant, or solid double-hip panel designs, and in a wide assortment of sizes. Panels: Two types available: Veneered split-proof/shrink proof and Solid double-hip panel (traditional look) -1/0 to 4/0 widths available, 6/8, 7/0, 8/0 heights, all doors are stain grade, specials available | The charm of the countryside are captured in the Artisan series, their rustic appeal well deserved: these are doors built by true craftsmen! Unparalleled attention to detail and quality aside, they're among the best doors available today - complete with durable MDF panel components and warranty against splitting. Add to that raised mouldings and the widest selection of glazing offered by any door maker and you'll realize just how easily the Artisan series can deliver a door created just for you, perfectly complementing your home and taste in decor. |
